EXPERIENCE

Green Park Real Estate LLC

Jan. 2026 – Jul. 2026

Business Technology Intern

Dubai, UAE

- Developed Python-based data analysis workflows, SQL queries, and Excel dashboards to analyze 500+ property records, improving reporting efficiency by 40% and supporting data-driven investment decisions.
- Managed CRM databases containing 1,000+ client records by automating lead tracking, client segmentation, and reporting, reducing manual administrative effort by 35%.
- Conducted comparative market analysis (CMA) for 100+ properties, prepared investment reports, and collaborated with consultants to identify high-potential investment opportunities.

Stepping Cloud Consulting Private Limited

Oct. 2025 – Jan. 2026

AI Products and Backend Developer

Delhi, India

- Developed AI-powered automation solutions that reduced manual lead generation effort by 80%, processing 5,000+ leads using Python, workflow automation, and intelligent data scraping.
- Integrated REST APIs, CRM systems, and email automation workflows, reducing lead processing time by 60% and improving customer engagement efficiency.
- Built analytics dashboards and automated reporting solutions, enabling real-time performance tracking and reducing report preparation time by 50%.

PROJECTS

JPMorgan Transaction Processing Microservice ([GitHub](#))

- Built a Spring Boot microservice using Apache Kafka for high-volume transaction processing and reliable message delivery.
- Implemented REST APIs, Spring Data JPA, and H2 SQL database for secure transaction validation and persistence.
- Integrated external REST APIs to automate incentive processing, backend workflows, and scalable financial transaction management.
- Followed object-oriented programming principles and clean architecture to build scalable and maintainable backend services.

AI Lead Generation & Automation Agent ([GitHub](#))

- Developed AI-powered lead scraping and enrichment pipelines using Python automation across multiple online business platforms.
- Reduced manual lead generation effort by **80%** through intelligent workflow automation and data processing techniques.
- Integrated CRM systems, REST APIs, and automated reporting workflows for efficient lead qualification and management.
- Leveraged Python scripting to automate repetitive business tasks, improving productivity and operational efficiency.

AI Chatbot Development ([GitHub](#))

- Built an AI-powered chatbot using Python, OpenAI API, and Streamlit for intelligent real-time conversational assistance.
- Implemented prompt engineering, API integration, backend processing, and secure request handling for accurate AI responses.
- Designed an interactive user interface with modular architecture, scalable deployment, and comprehensive error handling mechanisms.
- Enhanced chatbot performance by optimizing prompt design, response accuracy, and conversational flow for better interactions.

EDUCATION

Jamia Hamdard (Deemed University, NAAC A+)

2023 – 2026

B.Tech in Computer Science and Engineering (Lateral Entry)

CGPA: 7.5 / 10

Jamia Millia Islamia, (JMI Polytechnic)

2020 – 2023

Diploma in Computer Science

CGPA: 8.0 / 10

Jamia Senior Secondary School

2019

Class X

CGPA: 7.4 / 10

SKILLS

Cybersecurity : Network Security, Information Security, Vulnerability Assessment, Security Monitoring, Incident Response, Identity & Access Management (IAM, Cryptography Fundamentals)

Generative AI & Machine Learning : Large Language Models (LLMs), Prompt Engineering, AI Agents, Retrieval-Augmented Generation (RAG), OpenAI API, LangChain, Machine Learning, Computer Vision, OpenCV, Pandas, NumPy

Technical : Python (Primary), SQL, Java, C++, Data Structures and Algorithms, REST APIs

Microsoft Office : Microsoft Excel, Microsoft Word, Microsoft PowerPoint, Google Workspace

Tools & Technologies : Git, GitHub, Linux, Postman, Docker, VS Code, IntelliJ IDEA, Google Colab, Microsoft Excel

Soft Skills : Communication, Relationship Building, Negotiation, Presentation Skills, Problem Solving, Team Collaboration, Time Management

ACHIEVEMENTS

- Introduction to Cybersecurity (Issued by Cisco Networking Academy) ([Link](#))
- Mastercard - Cybersecurity Job Simulation (Forage) ([Link](#))
- Google Cloud Introduction to Generative AI Learning Path (Google) ([Link](#))
- JPMorgan Chase Software Engineering Job Simulation (Forage) ([Link](#))
- EY Technology Risk Virtual Job Simulation (Forage) ([Link](#))
- Microsoft Python Development Professional Certificate (Microsoft) ([Link](#))
